Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Merles on the roof top and the theatre. Theatre was not in downtown Denver so easy to get to. Merles was a local place with outside deck seating

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The small town feel. The fact the store fronts are open and it feels alive downtown.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Littleton actually has a downtown. Centennial for example is just one long Arapahoe Road

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Don't expand the downtown. ie seems like there is a lotr going on now.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Littleton is a great place! Lots of fun places to shop and good food. Love the sense of small town and community.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Small town vibe.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It's really unique. Don't know another downtown like it.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Better parking. Horrible on Sycamore with the two hour parking, especially with the community mental health center there. Give folks a place to park and enjoy the area.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

There are so many. I've been frequenting downtown littleton for the past 16 years. Memories include many productions at the Town Hall Art Center with my daughter and our friends, girl's nights out, Western Welcome Week parade, shopping the boutique stores with our out of town guests, and more!

Values & Vision (Part 1): What do you value most about Downtown Littleton?

That it still feels like an old, quaint downtown. It would be a terrible loss if that were to change if big chains continue to come in.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

businesses that have been there for a very long time. A quaint, neighborhood downtown. Friendly environment. Nice boutique stores. It's clean and well kept.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

less parking issues. More specials.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I grew up in Littleton and remember walking Main Street and talking to the old folks sitting on benches up and down the street. Being able to walk the street at any hour without worrying about my safety. Western Welcome Week parade day was and still is always a big day.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Small town, family atmosphere. Friendly shop owners.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

That it is a true hometown without major franchises. All shops locally owned and operated.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Public restrooms
2. Keeping franchises out
3. More attention to supporting downtown merchants via media.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I really enjoy the outdoor events. The Block Party, Littleton Rocks, WWW Parade Day, Criterium and the Candle Light Walk. I love when we showcase downtown and give people a chance to walk around without the crazy traffic running down Main Street. The more outside events we do the more you feel like you live in Colorado.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love all the restaurants and the nostalgic look and feel. In the evenings it has started to become a destination place to dine and have fun. The City Council needs to embrace the future and plan for this.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Definitely the historic preservation and the independent family owned small businesses.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1) In the evenings Downtown Littleton is becoming a destination place to dine and have fun. The City needs to embrace this and help the small businesses by promoting collectively.
- 2) Get together with RTD and do a multi-level parking structure on the existing lot(s) to accommodate increased parking demands.
- 3) I would love to see the fireworks show on the 4th of July be relocated to the downtown area from Cornerstone Park. With all the options downtown it would be a better event.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Lovely evenings enjoying a dinner and stroll in the downtown area

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The ambience, beautiful storefronts, lighting etc.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Again, the beauty of the downtown area. Also the size and scale make it intimate and warm.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. A free central parking lot.
2. A better mix of stores, art galleries and restaurants, open later in the evening to allow for shopping after dinner. This is the perfect area for strolling. Closed storefronts make this much less desirable.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We have had wonderful times in downtown Littleton eating out at Pho Real, McKinner's Pizza, and Inside Scoop. We also love the annual holiday shopping event in early December. The General Store and Lewis&Cluck are regular shopping spots for us. The Littleton Criterium is another event we love. We also love having a light rail station in downtown! Oh, and the theater!

Things that add to our experiences: the local business owners, creativity of event organizers, and the neighborhood friends we see downtown. Also, downtown looks nice--it is mostly litter free, the new signs look good and are helpful, and it feels comfortable to walk around.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I'm from New England originally and it reminds me of places I frequented growing up. Small town and mostly local businesses with people I recognize and who recognize me.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

We have a downtown!

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

A weekly Farmer's Market in the farmer's market seasons.

I'm already tired of looking at the new Senior apartment building across from the Courthouse. That was not my first choice of developing downtown.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

The best times are at the Littleton block party, turkey leg and wine hoedown, Zombie Crawl, and in the past at the farmer's markets.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I value the unusual businesses. I miss grandpa's attic. Non box stores with displays on the sidewalks. Merchants who know your name.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Locally owned businesses, community events run by the community, a sense of little town community with roots to the past and a vision for the future.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Sandwich board signs so I can find off the beaten path businesses, more business run festivals, signage that reflects the historic district being historic,

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

The WWW Parade. All my classmates would meet in downtown and had a blast all day.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I grew up in Littleton. I have always loved its charm and historic values.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I love the quaintness of the downtown area with all the unique shops and restaurants. When the lights are on in December it is so beautiful. A real feeling of a small town.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More parking

More little shops

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I enjoy spending time in all of the new restaurants and bars in downtown. Parking can be a challenge on the street so I typically park in the Reinke Bro lot - a value for all day parking.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love that it is still a small town atmosphere but with many new visitors.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Growth - many historic or downtown areas have become stagnant.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

more cooperation between city and merchants

parking concerns/growth

a small grocery store for the many people living in downtown

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Going to dinner, hanging out at Jakes listening to music on Saturday night. Going to events like the bike race, Christmas parade, concerts at Bega Park and other special events.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Local retailers. Family atmosphere. Walk-ability. Nice projects being built. Increasing number of upscale residence. Smokin Fin, Jakes, Sushi Basho, McKinners pizza, Town Hall Theatre is a GEM.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Main St is a nice place to hang out. Neighborhood feeling.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

The Main St area should be expanded to streets north and south. It would be nice to move Arapahoe Community College off of Alamo and Prince St. and put in another use (grocery and mixed-use). Also Renke needs to be developed. They can remain part of Littleton but the building needs to be demolished and rebuilt with parking, retail, multifamily, office. Bring that location into the Main St character and charm. With the additional residences, a small grocery could probably succeed. Time to do something about Geneva Village and Essex House.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Going to the bike races. Enjoyed the local bars and hospitality. Walking along the street with friends from out of town and having coffee outside. The lighting ceremony. Biking to downtown.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The clean living, always kept nice. Being a pedestrian town. The variety of places to eat that is popping up. The feeling of a neighborhood.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The cleanliness, and visual beauty.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More outside areas to hang out. A gathering square or circle. More parking for the light rail.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love the turkey leg and wine hoe down. I pretty much have love every time hanging out with Kal Murib and Greg Reinke. Mckinners, Keven. I've also had lots of fun times at OTT and the tavern.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Community

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

This is the only community like this I have experienced

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Street Parking passes for business owners without parking lots so we don't have to move our cars every two hours.

Small Splash pad in Bega park (near where the map is)

I think this will bring a substantial amount of families into town, that will grab lunch or ice cream afterward in the summer.

Some sort of Christmas display with tons of lights and animated things in Bega park for the same reason.

(I'm sure Greg and Chris would do a phenomenal job).

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

- 1; Opening of my business CENTENNIAL VACUUM back in 1980.
- 2; Establishing and dedicating Main st as a historic district and by enrolling both Mr, Dick Valore and Mr, Rick Akers. We were the only 3 property owners who got this presented to and approved by City council in 2005.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The history and heritage of main st.

The eclecticity of businesses and merchant association that differentiates us from other communities.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I truly enjoy strolling down main st and get greeted by lots of friends,colleagues and business owners, managers and employees.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1; Increase of density in and around the downtown area.
- 2; Help Provide a parking solution for the downtown area.
- 3; Wish the city council work better together and put an end to the change of commercial zoned property to residential zoning.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We always have a great time in downtown Littleton and surrounding areas. We love witnessing the balanced growth of the area which is drawing fabulous new restaurants and such. Back in 2006 - 2009 downtown was a Ghost Town with very few places to enjoy. Now it is vibrant and beautiful. We love visiting all the great places and events. The Block Party is an amazing event.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

How it is continually improving and growing in a balanced manner. It is wonderful to see all the improvements being made to the homes and buildings. The outward growth is great to see with lots of young families moving here. Surrounding areas used to be pretty sketchy and now not so much. Can hardly wait to see what it looks like in the next decade. We also love how the Platte River area is improving including having Angelos/CarBoy Winery and Breck Brewery coming in.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Light Rail, Ability to walk around, ample parking, Cleanliness, Watching young families build their homes and start businesses,

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1.) Oust the Sunset Group who are always anti - growth and interrupting City Council meetings. It's time to oust them - they are so negative and anti - everything with the exception of wanting Littleton to be backwards thinking no change area - they are selfish self center and don't care about the future and vitality of the great City
- 2.) Energize Sundays. Too many places close. City or HDLM should work together to improve this slow day of week
- 3.) Stop thinking of just downtown Littleton and start thinking all of Littleton. There is more to it than just mainstream

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

My favorite times in downtown Littleton have been the block parties, the tree lightings and just going to the restaurants. There is such a sense of community at the events, bumping into old friends & getting that small town atmosphere. I'm usually with my kids for the events. I'm always suggesting the downtown rooftops for happy hour or lunch with friends..great views & great restaurants.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The small town atmosphere and independent shops. I'd hate to see it turn into a bunch of chain stores where you see the same things as everywhere else.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Again, the unique shops and small town atmosphere. It just "feels" friendly walking down the street. Whenever my mom visits from Michigan she loves to go back to downtown to the restaurants and shops.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Easier parking somehow without taking away from the charm.

Maintaining the uniqueness of the merchants and not bringing in things that take away from the family atmosphere.

Limiting too many large restaurant chains from moving in.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Meeting for lunch at Gracefull Cafe with my art students. There were 10 senior citizens who met for lunch before class. The atmosphere was calm, quiet and comfortable and everyone who goes there is treated as if they are an important part of the community. I don't get this response from any other place downtown so do not frequent any other place.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

???? Probably the old town look to it, which reminds me of other places I've been where I felt comfortable.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It reminds me slightly of McKinney, TX but lacks the same kind of "class" and friendliness.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Fix the trees, lots are dying and may not survive but all need to be trimmed and adding more flowers in pots or raised boxes would soften the "look" of downtown and make it more inviting. This would be more inviting than odd signs on the corners directing people off the main street.

I do like driving through the area in the holiday season at night to see the lights.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Throughout the years I have had the opportunity to engage in the Fire Muster, WWW, Welcoming Santa to Downtown Littleton and many more. I love the feeling of community when so many people get together. Unfortunately, I will not go to downtown Littleton for anything else as the parking is a nightmare.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The charm of the old buildings

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

nothing

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Stop letting developers build huge structures in the area. Yes, the parking needs to be figured out. Get rid of those awful way finding signs.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Western Welcome Week has a variety of great events and the parade. I also enjoy coming down for dinner and or Happy Hour in the evenings. I come with family and friends.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Focus on small locally owned businesses together with quality chains (Tavern, Viewhouse, etc.)

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I like that it is a very compact area that can be walked in its entirety.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1) Parking in the evenings and weekends is very difficult to find. Need more surface parking or a parking garage. 2) a small grocery store would be very nice. 3) More quality restaurants.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I enjoy going out in the late afternoon, after the weather cools, getting ice cream with my daughter. I like the local businesses. I like the mix of restaurants and unique shops.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The interest in food. I like how there's a Vietnamese restaurant, and The Alley is a different concept that I have not seen, before. I love the trees, and lights in the winter when they are on the trees.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Arts, music.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

No more hamburger and sandwich type restaurants. A children's consignment store would be wonderful. More re-purposed items would be a nice sight to see. More flowers like Columbines and Colorado Native plants around town in "beetle-kill" wooden planters, would be a great addition.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Love visiting Jake's and The Alley - unique, fun dining and drinking establishments; fun to share with out of town visitors, good outdoor spaces.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Mostly that the businesses are not chains. Very disappointed with addition of View House.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Lots of cute shops and restaurants in a historic setting (no highrises, modern architecture). Lots of community festivals

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Improve parking!!!! (Can the city and businesses purchase the empty lot on NW corner of Santa Fe and Bowles to build a parking structure (ideally with a pedestrian bridge?) Don't allow architecture in new building to clash with existing. Encourage local businesses and restaurants and not chains.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Walk able access to many businesses I visit and am so glad to have good restaurant options finally. We've lived here for 17 years and love the way downtown has changed from a 5 pm ghost town, to a vibrant main street USA.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Variety of local businesses I visit: Restaurants, Lido Wine, Ancient Art Heath Center, Inside Scoop, Lewis & Bark, Executive Barbers, Bradford Auto Body.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The rail station, the older homes nearby, family friendly community events.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Parking options to draw more from outside Littleton (please explore partnering with ACC or Echostar for parking for evenings/weekends). 2. Less big-box apartment building (please keep the small town feel, but mix in low profile condos & town houses). 3. Grocery Store ala Natural Grocers or Sprouts.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Littleton Town Hall plays and Ancient Arts for acupuncture. Dentist Office at Windermere/Power. Act II consignment shop, bakery discount store. Romanos Restaurant. Spice shops. These are very outstanding and unmatched experiences. Mels Diner

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It's quaint shops and friendly atmosphere. Also it's close.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It's hometown atmosphere and diversity of shops. Many not available anywhere else close by.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Available parking--to enjoy these experiences. I love the city's decorations for different seasons.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Taking my son to see Santa 20 years ago

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The few trees they have.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It no longer does in my eyes. You have destroyed the small town feel. No more people and apartments, please.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Return it to what it used to be.

Take the new buildings away.

Plant more trees and grass.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love shopping and go out to restaurants in downtown Littleton.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love the sense of community and that availability of things to do.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It's small and has a small town feel, but provides a lot to do that make it feel bigger.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Parking availability. I also live close to downtown Littleton in the 5151 Downtown Littleton apartments and finding parking past 8 at night is extremely difficult there.

More restaurant choices. It seems like there are several American food options -- The Tavern, Merle's and now The View House. Let's get more variety.

More shops geared towards millennials. Right now, it seems like there are stores geared towards women with money.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

The Block Party in the summer is fantastic because there are no cars driving down the road and you can walk right down main street! I love that there are so many community members out during this event too.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The independent restaurants and having options that I can walk to in my neighborhood. It feels like a little piece of urban in this suburban community.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The charm and overall feeling! Other communities feel cookie cutter. I love the character of downtown Littleton.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

An Orange Theory Fitness, more restaurants (ideas: ones that have locations in downtown Denver, a breakfast spot, sandwich shop and more dinner options like Smokin Fins) and more community events that take over main street (farmer's market, festivals like south pearl st has in Denver, Octoberfest, etc.)

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I lived in the apartments above the shops on the east side of Main Street. I enjoyed it as I was able to be close to my family in Littleton but could feel like I lived in a more urban environment. I was able to take the light rail to work which was great and I took classes at ACC. The situation was excellent as I didn't have to drive in my car unless I needed to go grocery shopping. After a couple of years, I moved to downtown Denver as I was attracted to the larger urban lifestyle.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

First story shops and second story residential.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Walkability and the historic town feel is very important. From having access to the shops to the platte river, the quality of life is excellent.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

A grocery closet to the historic town would provide more walk ability for those that live in the Main Street area.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Christmas tree and street lights lighting ceremony. Littleton Blvd was closed to traffic, booths were set up for hot cocoa and cookies. It was a good time for my family and I. It was very cold but, good neighbors, hot cocoa and the excitement of the season made for a wonderful time.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I like the small town feel. Walking the shops, eating at the restaurants, watching a show at the Town Hall Center. It's nice.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

It used to be the older shops... Valores, Valley Feed, Joses. Now, very little makes Littleton stand out.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Stop with the modernization, sustainability, diversity, building a vision of tomorrow stuff. The new apts by the courthouse are an eyesore. Stop trying to be what every other town has or is or wants to be. Littleton is charming, don't lose that by grasping for something other.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Family time, eating a meal attending an event. Could be a show at the theater or a larger event like the hoedown.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The ability to walk. Space on the sidewalks to chat with family friends. Enjoy the mix of both food, drinking and interesting shops.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I think the accessibility: we have a great mix of families that live nearby, students who are attracted to ACC and people who can come by light rail.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Parking
2. Parking
3. Parking

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I have for many years enjoyed the Western Welcome Week parade. I also had a good time watching the Twilight Crit. A group of my friends and I enjoy a meal out in downtown once a month. HOWEVER, this is being spoiled by the necessity to drive around and around looking for parking.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Downtown Littleton (for the most part) has small locally-owned businesses, not chains.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I like the variety of businesses, and the contained nature of downtown.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. STOP building more high-density housing near downtown. The vitality of the businesses means that parking is already at a premium. Sure, the folks in the high-density places can walk to downtown, but if they decide to throw a party for 10 friends at their place, then 10 desperately needed parking spaces disappear. If there are 5 parties going on, no one can enjoy anything downtown.
2. On the side streets, use a little paint and mark the parking spaces. Oftentimes, parking places are lost because folks leave too much space between cars.
3. Stop inviting in chain restaurants. We have enough. Invest in locally-owned businesses instead. And if you're going to declare something "historic," make sure that it truly is. OR put everyone on a level playing field regarding the parking requirements. Parking in downtown is a NIGHTMARE on busy evenings, and even during the day.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

The special events that are hosted in downtown Littleton.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The special events.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Nothing, except I can get there and back on the light rail.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

LESS high-rise apartments and condos looming over the downtown strip and creating more car traffic and noise and air pollution.

MORE interesting shops. There isn't much to see and browse. Need a Littleton/Colorado history and nature venue (branch of Littleton History Museum and South Platte Park nature center with local books) and vibrant antique stores, etc. Move the realtors and investment bankers OFF the main street and make it strictly commercial and historical.

ENCOURAGE visitors to ride the light rail to visit downtown, give them a monetary discount on what they spend downtown when they show their current light rail ticket.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I'm fairly new to Littleton, so haven't experienced much, but did enjoy the First Friday Art Walk and the Block Party.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It's walkable, with a variety of shops and restaurants. I also appreciate the light rail access.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

There's something about the area that just looks and feels unique. It's also less touristy and more community-focused than some other areas.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- A grocery store and farmers market. A place that's convenient and easy to walk to and pick up a few things.
- More activities for adults
- Addressing noise issues. For those of us who live downtown, there's just too much noise from local bars, construction, and barking dogs.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I have enjoyed the annual scavenger hunts that are held each year in downtown Littleton; it is an opportunity to visit many of the shops and learn about Littleton history.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The variety of shops and restaurants. The proximity to light rail.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Attractive and varied shops.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Primarily more parking spaces; the parking situation often keeps me from going to restaurants in the downtown area and it is particularly difficult for elderly parents if they have to walk a distance.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love the historic walking tour and the candlelight walk each winter. I think what I love best is being able to walk down Main Street and learn about the town's history.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Small/local businesses

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The community feel due to restaurants and shops owned by locals.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Add a playground or swing set for families so that there is more to do for small children.
2. A festival celebrating the town's flour mill history or a farmers market on Main Street during the summer.
3. Make the alley ways useable community space. (Similar to Fort Collins)

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Christmas Tree Lighting on Black Friday, and Western Welcome Week, with my family and friends, when our sons were growing up (they are in their mid 20's now.)

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Small-town character with small (not chain) merchants and restaurants.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Unique businesses staffed by friendly people.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

PARKING PARKING PARKING - On more than one occasion I decided against shopping on Main Street due to lack of parking. I stopped using a hair salon on Main Street for the same reason. I get really bummed when I can't get to Savory Spice Shop. Don't like navigating to the middle of Reinke Bros. store to pay for parking in their lot (outside attendant would be much better). Now that ViewHouse uses the Elks lot, it presents a hazard to pedestrians crossing Alamo, and I foresee traffic back-ups into Santa Fe and/or accidents.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

In general, I like all the festivals and 'small town' events thru out the year

Values & Vision (Part 1): What do you value most about Downtown Littleton?

what is remaining of LOCAL businesses, you are slowly letting CHAIN businesses/restaurants in, hate that!

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

still has a 'local' feel/atmosphere

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

they NEVER built the retirement community that is detroying the view and look of the whole city, not enough heads rolled on that one and EVERYONE is paying the price for the corruption that occured to build it - the impact of the traffic and parking is yet to be seen, but it will make things worse!

Parking, parking, parking, you want people to come, yet you let them building monster apartment complexes, with NO VISION of how this will affect all those who already live here, and hurt the businesses as well because it takes away the parking for THEIR customers.

DON'T LET ANYMORE CORPORATE/CHAIN COMPANIES IN DOWNTOWN, even Colorado businesses that have MULTIPLE locations - still a chain that HURTS the 'mom/pop' businesses, they simply don't have the pockets as deep to compete, might as well put an Olive Garden in the middle of town.

When they do an event that closes the roads into downtown, it would be REALLY nice to have a sign on Rio Grande/Sante Fe, so you don't have to drive all the way down only to be turned around and have to go back!

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love the ambiance of being downtown whether we are just out for dinner, running an errand or attending one of the many events. I love running into friends, both old and new and being supportive of our local businesses and services. These cumulative experiences have given our family a strong foundation of memories, many shared by our neighbors.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Downtown serves as the heartbeat of our community. It is our center both physically and symbolically. It provides for us a sense of history and community giving us an identity beyond being just another suburb of Denver. We have a very functional downtown with a variety of businesses and services that is architecturally attractive. We are a small town within a large city which is thriving because of that.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I think that the variety of businesses and services makes our downtown stand out. It's not just restaurants although the combination of local and franchised restaurants are great. We have a larger downtown than say Pearl Street or Gaylord Street which provides a greater commercial base. Ours is steeped in history both architecturally and through its traditions such as the Candlelight Walk. We seem to have activities and businesses that attract all age groups which is important in keeping our downtown vibrant. Light rail is a great feature as well.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Better Parking! Couldn't we make an arrangement with ACC and their parking lot and offer a shuttle?
2. Protect the ambiance of the downtown by maintaining the look - historic architecture or new architecture that mimics the old
3. Continue variety of downtown events.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Walking with friends. Stopping for tea or ice cream. Relaxing in Bega Park.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Bega Park. Benches along the sidewalks in the shade to rest on. Flowers and trees. Coffee and tea shops and ice cream shop. GraceFull Cafe on Curtice.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Old buildings that bring character. Compare to Streets at Southglenn or Belmar—neither has the character that Littleton has.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Since I'm wishing:

1. No through-traffic on Main St. but a beautiful area with flowers and trees, like Pearl Street in Boulder.
2. Historic preservation. At some point, all the little old houses down the side streets will be torn down and there will not be any integrity. We're already headed down that path.
3. Some kind of parking amelioration.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We've enjoyed the weekend parties when we close downtown. Western Welcome Week and lighting the Christmas lights come to mind.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I believe the main attraction of Littleton is the small town feel. Any change in this perception will result in Littleton losing any distinction from its surrounding areas.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Just as in part 1, the small town feel. Littleton is a community that is involved in preserving its identity.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

A ban on further new development. Development of existing properties subject to enforced zoning and building codes. Prevention of further damage to Littleton through additional traffic, urbanization, and 'in-fill' development.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

My husband and I love going to spur the coffee shop downtown in littleton. I love going to Spur because it's a great coffee shop, a place that I enjoy walking to in littleton, its environment is wonderful hip and relaxed at the same time. I pick this place as a stand out in littleton because, I think littleton lacks those up and coming places that us in our 30's would enjoy hanging out.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I value tea in and spur.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Well downtown littleton is super cute it has a sense of community.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

New restaurants! Please stop putting in little boutique shops there's like 15 of them down there. I want a cool sandwich shop like Snarfs, stop putting in bar restaurants there are already three in town. Let's get hip places! A new breakfast place, maybe a brewery and maybe a kombucha place. I would love to go downtown but I feel there is just two places I would go to.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

By far the best experience I've had was shopping downtown with my mother the day before I left on a study abroad trip. I ate lunch with my family and then my mother and I wandered in and out of the shops. The general atmosphere (it was right after the holiday season) was quiet and content and I believe it was that which made it such a good day. Just walking around with her and seeing all of the post-christmas shoppers was so much fun

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Again, I love the atmosphere. It's a downtown area with almost a small town feel, and I always feel right at home walking up and down main street (which is often, seeing as I both live and work in DTL)

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Littleton has a vibe that is both modern and old-town. There are plenty of old shops and buildings around to keep the history around, but a lot of modern restaurants as well as young people living in the surrounding apartments to keep the city alive

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More accessible parking, or longer parking times along main street. More parking lots that allow for large crowds and events. Also allow residents better access to their homes when blocking off the streets for large events (I have had access to the parking lot at my apartment building blocked for parades, etc... It's inconvenient and annoying). Better cross walks on the streets surrounding main street, many cars don't bother stopping for pedestrians at some of the smaller cross walks

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I loved the small town feel Downtown Littleton used to have before it was sold out by developers on a silver platter. I enjoyed going to the feed shop and visiting the antique stores and long time restaurants, and being able to park right outside the places I wanted to spend my money at. Now, the best time I have in and around downtown Littleton is driving on through, passed all the cutesie boutique shops and bars (and all the other crap that draws the hipsters like flies) to spend my time and money in some other part of town.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I place no value in Downtown Littleton anymore. Too many people, cars and shops I have no desire to shop at. Even if I did want to stop, where would I park? Time to get the heck out of Littleton.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The fact that it has been completely sold out to developers. Oh, and the ugly, dangerous way finding signs.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

No more bars, no more bars, and NO MORE BARS!

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Attending performances @ THAC, with dinner preceding at any one of a number of good restaurants, maybe a drink afterwards.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The "feel" of Main Street, mix of retail, restaurants and offices. The historic buildings.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Littleton has a "real" downtown, not a created one of shopping centers.

The only cities in the metro area with "real" downtown/Main Streets are:

Littleton, Golden, Boulder & Denver.

Littleton has a great downtown that cities all over the country would love to duplicate.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

I think it has excellent vitality and appears to be very healthy. I don't really think we need to "heighten the vitality and health of Downtown Littleton." Much of this will occur on its own. Made-up vitality can appear to be fake.

The new "directional signs" look out-of-place, they are not adding anything to downtown. The sign at Prince St./Santa Fe is waaay too much.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Downtown at the holidays, very festive and lots of people eating out and shopping

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It's distinct sense of place despite the fact that Littleton leaders have not been supportive of historic preservation. I would imagine this distinct sense of place will change over time and we're not going to like it because there is no planning.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Again, distinct sense of place, it has evolved historically and architecturally over a period of many years.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Stop talking about parking. Really? There's plenty of free parking at the RTD lot and you can pay at Reinke lot. This is such a backwards conversation. What about better sidewalks and more frequent bus service as part of the solution?
2. More multi-family housing -- need more roof tops to support a very vibrant business community. At that point we can talk about parking and who pays for it.
3. Frequent bus service on Littleton Blvd and Bowles Avenue so you can travel to and from downtown.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I live nearby and love coming to downtown Littleton. Anytime I come with family and friends it is a good time. Small town feel with a bigger city vibe and service.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

That it is small, quaint, and not full of chain stores - more independent shop owners.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Just enough proximity to a large city to force Littleton to stay edgy, on trend, but continues to stay true to their small town feel.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More parking - even if it a parking structure like Greenwood Village. I don't mind the walk, which I often have to do when I do find a parking spot, but hate searching for one.

No big city chain restaurants- sad to see the Tavern and View House come in and ruin the small town charm.

More parking

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Love the community events and coming from the mid west I appreciate the the downtown Littleton area. It is what drove me to pick this town. Best time are the events. They have all been fun but we definitely see room for improvement. The Christmas parade is our favorite and we love that that street is closed off but would love to see that night improved.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love the sense of community. I think over the past couple of years it has really started to change for the better. I would love to see more diverse retail like a Antique shop or coffee shop with larger sitting area for families, students etc... sandwich shops that have a home town feel.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The fact that we have a down town it is why I chose to live in Littleton. My family usually visits downtown area 3-4 times a week. My only comparison is what I grew up with and I think Littleton is on the right track to make it stand out from other cities in this area.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

I would concentrate on the events as it is this type of thing that can help drive COMMUNITY. I think there is a huge opportunity to improve some of the events. example - The Santa/Lights parade - After the parade I would love to see a DJ or even some loud speakers playing christmas music. Who does not love dancing!!! This would be a fun thing for all ages.. families, teens, college students home on break. As for myself... i know that after the parade I still want social time with friends/families but need something to entertain the kids with or do. Before or after... i would love to have a Christmas Carol Sing off in the street. Let the local store owners sell treats or hot drinks. This would give people a chance to meet the local retailers. Make them a friend and people will be more loyal to shop at their store. We love walking around but once you hit the side streets it all seems to be kind of dark and boring after the event. They need to be brighten up a bit. We used to let the high schools or local 4H clubs come up with seasonal theme games for younger children.

I also love the fall with the pole contests..and the local high schools and business's art work. I would not mind seeing something for every holiday or for the seasons. October is another example that would help increase foot traffic in the downtown area. If Reinke brothers opens this year... It would be great to see October events through out the month or even a giant costume party event. If I was a retailer, I would love more events that drive traffic past my location. Give me a reason to walk the area and I will come but remember... I need something to keep all ages entertained. I would use the holiday/seasons to my advantage to help drive revenue. As a person of the community I want retail shops that will be there for a long time. It gives me a sense of HOME. But they have to be the right mix. Maybe think about putting a community/retailer based committee together.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I like the theater and I have a disability. It should not be impossible to find parking there. I should not be required to use the valet lot which is not even close...and allow someone else to drive my car. I should not have to pay for parking, especially if we go and have lunch and go to the show...the 2 hour free parking (or do you pay for that too) is not enough. It didn't use to be like this. There needs to be theater parking for theater goers for free close to the theater.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

theater

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

the person I was with was so upset by the parking situation that it ruined the lunch and all of our time up until the play so I was not able to enjoy downtown

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More parking...free...for all day...especially for theater goers...close to the theater. Think about people with a disability who may have to walk on slick sidewalk in winter. And, it should not be so hard to find parking. It is a nightmare now.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love to spend the day at the shops and restaurants. It's a pain to have to move my car every two hours. If I have breakfast, shop, and then paint pottery, it's better to park at Reinke.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love the small shops, the feel of the community. There are too many restaurants now, but whatever you feel like having is available.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Size of shopping area. Great sidewalks, eating on the sidewalk patios, love that. The variety of shops has suffered lately.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Parking lasting 4 hours. Variety of shops. Later hours, or more Sunday openers.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Christmas walk with the extended family - it was great to have the street shut down for just pedestrians. It was great to be able to show off my downtown to visitors.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The diversity of local businesses.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The frequency of events

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Transform alleyways into pop-up shops and recreation spots (e.g. mini golf, cornhole, large jenga, lazer tag)
2. More bike parking especially larger stalls facilitating family biking with trailers.
3. Coop/farmer's market/bikeshare. I would love to see a community oriented organization that sets us apart from other cities.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We have had many enjoyable days in Downtown Littleton. These include the parades, festivals, shows, restaurant, bar and shop visits. We often run into friends we know from around the community and we have invited friends to join us at times.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The diversity of businesses and activities available there.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

There are several similar business districts like this around Denver but this one is close to our house and when we are here we often see people we know around town. I feel like Downtown Littleton is comparable to the district in the Platt Park neighborhood (S. Pearl and Florida) or the Wash Park neighborhood (Mississippi and Gaylord) or Berkeley (44th and Tennyson) or Downtown Golden. Littleton has a really nice mix of activities and unique shops. It's good to have students, employees and residents around the area of all ages to keep it lively at all hours.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Even more unique shops (I was sad to see the candy store go - something for kids would be nice since there's a lot of bars and adult activities down there now). More art venues always add to a community (I like the murals - that's what makes RINO - River North Arts District - so cool). Keep some green space and maybe add an amphitheater somewhere (community gathering spaces are vital).

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Able to do several things- have dinner or lunch, shop, see a play? Visit art gallery. My teenage granddaughter loves to mess around in Littleton

Values & Vision (Part 1): What do you value most about Downtown Littleton?

We can walk there. Good restaurants, fun shops, especially love town hall theater

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Comparing it to town center in Reston VA where we used to live. Reston Town Center is larger and slicker but walkable. Its more of a place to gather. Outdoor tables and chairs. They have more events but they do have more space and a pavilion for bands, etc. maybe comparison doesn't apply much. Anyway..... For the Denver area Littleton seems friendlier. Some town centers are "fake". Just shopping centers.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Indie movie theater. 2. Empty store fronts are depressing. Need to somehow get new businesses in. 3. More places to sit and hang out. Bega park somehow doesn't work unless there's a music event. Hmmm not sure what to suggest.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I am a Littleton native (when I was growing up in the 1970s and 1980s, my friends and I would walk downtown to the soda fountain at Sell 4 Less) who LOVES our downtown. It's what sets Littleton apart from the other suburban communities around Denver. I am downtown all the time, throughout the week, to take exercise classes at Motion on Main Street or to grab coffee at Spur or pick up dry cleaning at Littleton Cleaners or to mail a package at the Post Office or to shop at Savory - the list goes on and on.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love the recent economic development - restaurants, shops, etc. - that make downtown feel like a destination, not just a place to drive through on the way to somewhere else.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

We are authentic! We're not a synthetic subdivision created by a group of developers with a marketing team - downtown Littleton is a real downtown with a real history and is used by real people. Unlike Parker or Lakewood, we have a "there" there. Plus we have a killer view from the top of Main Street.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Parking

Support for retail (broader marketing support of downtown Littleton)

Residences to make downtown livable (but planned better than the monstrosity now on top of the hill by the courthouse)

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

My daughter and I enjoy having lunch in downtown Littleton and shopping. I was very disappointed when you decided that the merchants could no longer display items on the sidewalks. It took away from the charm of walking down main street. I lived in Littleton back in the early 1950's and even as a small child loved strolling (well maybe running) down main street. Part of the reason we moved back in this area 40 plus years ago was the uniqueness of Littleton. Over the years that charm is disappearing. For one thing you are allowing too many multi family units to be built. Research has shown that, on average, apartment dwellers stay just one year then moves on to another place. As such they do not have a vested interest in keeping Littleton's character. I certainly hope you will not allow more apartments to be built on the property at Federal and Bellview. I asked the owner of O'Tooles Garden Center if they had thought about purchasing the land. He informed me that they had, and were turned down. What a shame! That would make excellent use of the property and provide revenue for the city.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The historic significance.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The small town atmosphere.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Overturn the rule that the merchants can no longer display their wares outside of their stores on the sidewalks. Provide parking! Perhaps the city could purchase land on either side of Main Street and build a parking structure, or, purchase the land across Santa Fe at Bowels (North of Direct TV) and build a parking structure there, with a walking bridge over Santa Fe to Main street.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Walking around with my family: going to InTea with my teenage daughter or to Inside Scoop with my teenage son, going out to dinner with my husband, all of us strolling the holiday lights around xmas.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It's friendly and walkable and has a great assortment of shops and restaurants and bars.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I love that there are no chain stores or restaurants. The new signage is nice.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. Keep chains out.
2. Promote family-friendly activities.
3. Don't overdevelop to the point where it's too difficult to park.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Bringing out of town company to Littleton to walk through the stores and dine.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The small town feel that makes it completely different from Denver. If I wanted to live in a city of apartments, I would be living in Denver, not Littleton. Please do not destroy this city with too many apartments and high rises.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

What makes Littleton stand out is that there are NOT high rise buildings in downtown, except for the monstrosity, The Grove, which will be hovering over our quaint historic downtown. The buildings are original and historic. Our city council, planning board and historic preservation board need to preserve what makes Littleton different. Not every city the size of Littleton has such a unique downtown and we the citizens and city leaders and boards need to remember this and preserve this uniqueness. The reason most live in Littleton is because of the small town historic feel.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Keep it historic by limiting the height of buildings.

Do not allow the Historic Preservation Board to give exceptions to parking to new businesses.(there is no place to park as it is).

Do not give up important Retail Zoned areas for apartments. Littleton has very little vacant land left and it is important to keep our retail. Littleton is not lacking in apartments and we need Retail to keep our city financially stable.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Weekly visits to eat out, or shop are the best. Western Welcome Week is a highlight.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Small town atmosphere and look, variety of stores, new restaurants.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Volume of pedestrians using downtown Littleton.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1) parking garage
- 2) less oppressive parking enforcement
- 3) elimination of City Council and merchant mindset that Littleton is still as it was in 1954

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Love spending time in Downtown Littleton - lunch and shopping with friends, especially showing off our downtown area to out of town folks. However the 2 hour restriction on street parking when you can find it is a significant issue. We desperately need a parking structure - I'd be happy to pay if it meant I wouldn't have to circle the blocks searching for a spot.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The small mom and pop shops and the variety of restaurants. Very small town friendly atmosphere.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The same things as part 1 - a variety of shops and restaurants in a concentrated area, most of which are owned and operated by local entrepreneurs.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Parking, parking, parking!!!!

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

My daughter has been in almost 20 shows at Town Hall Arts Center, so obviously those are my best times. Great shows and talent in a small intimate setting.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I like the small town feel. Grew up in Golden, downtown Littleton has the same feel. I do not like big crowds. Feel safe.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

I enjoy the theater and the variety of quality restaurants.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1, 2, &3-Half of my family that attends the theater, need handicapped parking. Need more handicapped spots on on Main Street.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Wonderful times celebrating special occasions with loved ones. Fun girls nights out. But shops should stay open a bit later so shopping and dinner can be combined / 5pm is too early to close.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Charm, character, walkable, local shops (no chains) another cafe would be nice (read- not bar) -- so bummed JaJa is gone.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

DT Littleton has a creative and local vibe along with character and with great dining and shopping. It's what Cherry Creek was 35 years ago before it got snooty. It's the European walkable town idea with character and idea that the Denver metro has so little of. Add in a couple of fresh food shops (butcher/produce/cheese) and it would be perfect.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Longer parking options. 2 hours isn't enough time to share a nice meal or shop let alone both. Doing so requires one to move their vehicle multiple times which can be very difficult during high traffic times - how about parking meters that allow up to 3 or 4 hours - much easier to go feed the meter than move your vehicle. Also if you are going to give tickets for parking 13" away from the curb you should inform people via signs or paint your boxes narrower. The box size implies that if your vehicle is within its lines that it is ok - however this is not the case - I have gotten a ticket to prove it.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We recently attended the free concert in the park series. It was the perfect Saturday night in lawn chairs with friends. Afterwards we grabbed a few cocktails at Ned Kelly's, then the viewhouse. Our friends were quite impressed with the options Littleton had to offer. Not your typical suburb.

The community theater is also a highlight. We regularly attend shows and make a date night of it. The productions are quite wonderful for a fraction of downtown denver prices.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It's small, quaint, and people are friendly. Though there are some nicer establishments, it does not have a pretentious yuppie feel.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The uniqueness and options available downtown. You have dive bars, nice bars, antiques, boutiques, yoga, tea, THE COMMUNITY CENTER, low key food options, and nicer food options.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

More parking.

Expansion of the Christmas parade.

More dinner options.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Love going to the block parties, Western Welcome Week events, walking to Jake's to listen to bluegrass and getting breakfast burritos in the Alley. I've had more friends come visit me than any place I've ever lived because there is so much to do. It still feels small town and that is why people love it.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

It feels like a small town, love the independent shops.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Lack of chain stores. More friendly people.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

1. More parking, paid for by the big chains moving in. A rule that if you build a new establishment that expects high volume traffic, you build a parking garage under it or rent places for your employees to park. (View House employees are using our parking spaces where we are trying to live)
W. SETBACKS enforced on buildings from street. (Not like the new apts going in that are built right to the curb, making it so you can see cars or the blind people trying to walk)
3. Preserve home town feel by not building highrises. Growth without running out the small business owners.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Visiting the local businesses and enjoying the quaint and historic feel of the downtown.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Historic, local, quaint

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

There's a small town feel vs. a suburban city feel

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1.) Stop allowing big chain businesses (Tavern, View House, etc) to overshadow the spirit of main street; encourage locally owned businesses to open through incentives
- 2.) Create recreational inlets and beaches on South Platte river closer to Downtown Littleton - similar to Englewood, Golden, and Boulder
- 3.) Diversify music at events - not sure why there is always loud metal and rock music at our city's events - maybe we could switch that up a little - more family friendly folk music, bluegrass, etc.

PS - the crosswalk across Littleton Blvd from Buck Rec to the Grove needs flashing lights. I've seen so many people almost get hit there, and don't feel comfortable walking across that crosswalk anymore.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I have enjoyed the theater, restaurants & shops. I have gone with family, friends & by myself.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Hometown feel & the variety of events, restaurants & shops.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Area is clean, well organized & has more variety. It could still have more shops since there have been some that have left. Also in the last year or two there continues to be a parking problem especially in the evenings. I am glad you are trying to address this issue.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

- 1) More speciality smaller shops (unique).
- 2) More family events, as well as grown ups.
- 3) MOST importantly...more parking. Either a parking garage and/or free shuttles on Main Street to take you to your car to parking at Arapahoe Community College (evenings) and another location during the day.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

I love the street fairs.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

I love the idea of Main Street where the people of Littleton can come together and have fun times in a safe environment.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

An intimate feeling in the larger metro area.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Parking. Parking. Parking.

Littleton Listens: Downtown and Parking

The City of Littleton staff would like your feedback and ideas about Downtown Littleton and parking in the area.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We absolutely love coming to downtown Littleton with family and/or friends! There is so much to do as far as shopping, eating, concerts, community events etc. BUT The parking is horrendous. Take today for example. I wanted to stop at a specific store to pick up a specific gift. I literally circled the store 12 times before I could find a parking spot! I so believe in shopping small business especially local but I'm getting more and more frustrated all the time

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The small town, neighborhood feel. And the lack or mostly lack of chains. I prefer small local businesses

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

The homeyness, the fact that the merchants try to get to know you. The walkability of the area.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

parking
Parking.
PARKING!!!

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We love going to dinner and sitting along the sidewalk while we eat. Love the town hall theater.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The quiet eclectic old town feel

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Not sure if it does

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

That main and Alamo could be traffic free pedestrian malls. That the city council would stop approving huge multifamily developments.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Small town feel, near home, walking around with family playing Pokemon Go and some shopping.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Character and charm.

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

That it has a distinct downtown area that's maintained its charm.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Less expensive dining options.

More festivals/activities.

Maybe add more concerts that are family friendly.

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

We enjoy the restaurants.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

The quaintness. Not everything is a chain. Diversity of businesses

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

its kind of hip. For being a suburb it's not being run over by kids. Has a little bit of liberal meets the suburbs.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Better parking

Tell us about the best times you have had in and around Downtown Littleton. Thinking about that experience, what was involved that made it stand out above the rest? Who else was involved? Can you please describe this in detail?

Hitting a number of restaurants and bars with a large group of friends. Some lived locally, some drove, some took light rail. This was a fun and convenient spot to gather and gave us lots of options.

Values & Vision (Part 1): What do you value most about Downtown Littleton?

Community feeling, art, energy

Values & Vision (Part 2): When you are downtown, what makes Littleton stand out from other communities of similar size/demographic?

Nice mix of cozy, affordable, and trendy.

Three Wishes: What three wishes would you make to heighten the vitality and health of Downtown Littleton?

Business with longer or at least more predictable hours, public parking lot, clearer route from light rail station to mainstreet and vice versa.
