

Scheduling Inspections

[Littleton eTRAKiT Portal](#) is the method to schedule a building inspection. This page will give eTRAKiT users step by step instructions for scheduling and cancelling a building inspection through [Littleton eTRAKiT Portal](#). For Right of Way (ROW) Permits, and Sewer (SEW) Permits, please contact the Engineering Inspector listed on your permit to directly schedule the associated inspections.

SCHEDULING INSPECTIONS

Once the permit has been issued, inspections can be scheduled. Requests for inspections can be submitted until 11:59 p. m. on the day prior to the requested inspection date. Please review inspection requirements before scheduling inspections, failure to meet all the requirements will result in a failed or cancelled inspection and an inspection fee maybe applied.

Step 1: Log in to eTRAKiT at [Littleton eTRAKiT Portal](#)

Once logged in, navigate to **My Dashboard** and you will see the permits that are eligible for inspection scheduling. If a fee has been assessed on the permit, inspections cannot be scheduled. Please pay all fees before you begin.

Under the **My Active Permits**, if a permit has multiple inspections that are eligible for scheduling, a **Request** button will show under the **INSPECTION** column to schedule all the inspection types.

If you do not want to schedule all inspections at the same time, click on **Schedule** for the type of inspection you want to schedule, listed under **My Active Inspections**.

Step 2: Enter Contact information and Inspection Notes

The contact information will auto populate based on the profile information; you can update this information if you need for the specific inspection. It is best to provide the inspector with the day of inspection contact information. You can add additional information about your inspection request in the **Notes** field.

IMPORTANT: Do not add information about access to the structure, i.e. garage codes, lock box code or key location. If you need to give that information for the inspection, please contact 303-795-3751 to provide that information securely.
