#### QUESTION 1

Based on what you know right now, which of the following do you support? Select all that apply.

		%	Count
A retail marijuana tax rate increase (this tax is too new to determine how much it would generate, but it would likely be insignificant compared to the shortfall)		69.7%	249
A new lodging tax on hotel and short-term rental guests that could bring in up to one million dollars a year		72.8%	260
A half-cent increase in the sales tax rate (\$0.50 on a \$100 purchase) that would generate an average of \$6.5 million annually in new revenue		56.0%	200
A three-quarters cent increase in the sales tax rate (\$0.75 on a \$100 purchase) that would generate an average of \$10 million annually in new revenue		44.3%	158
None of these solutions		6.2%	22

#### QUESTION 2

Tell us the primary reason for your selection(s).
