

Permit Type: PLUMBING

Permit Sub-Type: RESIDENTIAL STAND ALONE

You are applying for a Plumbing-RESIDENTIAL STAND ALONE permit.

Definition: Not part of a larger project (e.g., the only work is adding boilers, water heaters, backflow preventers, etc.). Tankless water heaters CANNOT be done on-line as they require a gas line diagram and must be submitted at the Permit Center.

Submittal Requirements:

- Applicant name, phone number, email
- Contractor (must be a State Licensed Plumbing Contractor)
- Description of project
- Valuation (contract value)

*Electrical permit is required if adding a new boiler that is not a replacement.

Applicable Code:

2012 International Plumbing Code

2012 International Fuel Gas Code

Revised 2/26/2018
