**By signing below, applicant, owner and contractor certify the following:**

1. To the best of my knowledge, the information provided herein is correct and consistent with approved engineering and construction plans.
2. I am legally certified to sign on behalf of the owner and contractor.
3. The Stormwater Management Plan for the disturbed area on the site was prepared in accordance with the City of Littleton Storm Drainage Design and Technical Criteria Manual, latest edition.
4. Construction activity shall comply with all requirements in accordance with the the City of Littleton Stormwater Management Plan *standard notes*.
5. Site operators shall allow City representative, unrestricted access to the site to conduct site inspections for compliance with this permit, or perform corrective action in the event the permittee fails to provide sufficient remedy after notice of such deficiencies.
6. Construction activity shall immediately cease upon a receipt of a Stop Work Order from an authorized representative of the City. A Stop Work Order shall be issued if permittees are not in compliance with terms of this permit or fail to take corrective actions after notice within the specified time on the notice.
7. We understand that violation of this Grading Permit constitutes a violation of Littleton Municipal Code.
8. We understand that approval from the City does not absolve the permittee from having to comply with other State or Federal regulations.
